SUPPLIERS

HELIX is an industry cluster of Pharmaceutical, Biotechnology, and Medical Companies, which is managed in partnership with Diversity Alliance for Science (DA4S).

Our purpose is to guide the leadership, equality, and advancement of a diverse supply chain, with life sciences-specific practices that are validated through research and insights.

The future of our industry evolves by the governance and benchmarks we enact today.

Forum Members are Dedicated to:

- ◇ Provide strategic thought leadership, programming, and life science-specific practices to the lead industry.
- ◇ Engage procurement with communications, resources, tools, and suppliers to build an inclusive and equal supply chain.
- ◇ Advance supplier diversity by identifying and solidifying contract opportunities with business line stakeholders.
- ◇ Partner with diverse business organizations (NGOs) and chambers through support and sponsorships.
- ◇ Prepare small and diverse suppliers to do business within our industry by sponsoring readiness programs and mentorship opportunities.
