## GOLF FORMAT: SCRAMBLE

- The four-person scramble features teams of four players competing against one another. In this format, each team's players hit from the Tee box, then the team members choose the best of the four shots for the next shot. All team members then play the second shot from that location, and again choose the best shot. Play continues in this manner until the hole is completed. The team then records its score and maintains that format for all 18 holes.
- Teams will be assigned in advance. We will try to balance the skill level of every team.
